HOW IT GOES

BEFORE YOU HEAR FROM ME	BEFORE YOU PAY	WHEN YOU ARE READY	WHENEVER YOU LIKE	DAYS 1 TO 6	DAY 7	AFTER LAUNCH
I research your business first	You get a working demo, built for you	You look it over and reply	Optional: tell me about the business in your own words	I refine it with what you told me	I point your domain at it and hand you the keys	I keep helping you get more out of it

You own all of it

The site, the files, the domain and the hosting account, in your name.

Your email is never touched

I change two settings to connect the site. See novyxsolutions.com/handoff.

No round limit on changes

The site keeps changing until you sign it off. New pages are quoted first.

Want more than the website? Three optional monthly services, from \$99 a month with no contract: AI chat + photo check, Google reviews + referrals, missed-call receptionist. novyxsolutions.com/services

See yours first. Send me your current website and I'll show you what it could
